Mummy												
Witch												
Zombie												
M												
Th												
F												
Sat												
Broom												
Candy												
Pumpkin												
Flashlight												

Halloween Party Puzzle

1. Dracula did not go out on Friday.
2. The person that got the candy was out of town on Monday -Thursday.
3. The Witch already had 3 extra brooms, so she didn't need to pick up another.
4. The person who got the pumpkin was not Dracula.
5. The Mummy went out on either Friday or Saturday.
6. The person that got the broom was with Dracula Friday.
7. The pumpkin was purchased on Saturday.
8. The Witch was busy at a witch's convention on Thursday and Friday.
9. The Zombie was able to go to see a movie with the witch on Monday afternoon because he bought his supplies later in the week.
10. The broom was purchased after the flashlight, but before the candy.
11. The Mummy was not with Dracula on Friday, but saw the Witch at the movies with the Zombie.
